Congratulations to the staff of the  
1963-1964 Northampton High School  
Yearbook.

As you enter upon your work when you leave school, enjoy your privileges, but, also, accept your responsibilities.

You are privileged to live in a free country. Do your job well so that we can remain free.

You are responsible for good government. Exercise this responsibility. Be not afraid to say NO if NO is the proper answer.

Try to live by reason in life's endeavors, realizing unashamedly, however, that exalted emotions stem from reasoning beings.

Mr. Philip B. Tankard  
Principal

Mr. George W. Young  
Assistant Principal

Miss Phoebe E. Windecker  
Clerk

It is my pleasure to congratulate the TORCH staff and their sponsor, Mrs. Smalley, on their fine yearbook production. I will always cherish your yearbook as a reminder of the many pleasant experiences that we have shared.

May you continue to grow in the academic skills and attitudes so essential to your future success.

# CLASSES

Distributive Education classes operate the school bookstore as part of the Distributive Education program.

For the first time this year a course in Basic Electricity is being offered to 11th and 12th grade boys at Northampton High School. Under the direction of Mr. Newton, these boys have a fine opportunity to learn more about electricity and its uses.

# IN ACTION

11th grade students have typing as an optional course. Commercial students learn to type as a part of their vocational education; other students learn this skill for personal use.

8th Grade General Science students have laboratory experiences, such as work with microscopes.

As an integral part of the Health and Physical Education program, the Virginia Physical Fitness Tests are administered to each student enrolled in Physical Education. These serve as an incentive for students to improve their physical status and at the same time to enable the instructor to evaluate the results in terms of strengths and weaknesses and to strive to meet these weaknesses in the overall program.

The group of boys pictured are among some 50 who qualified for "Blue" shoe strings by scoring in the 50th percentile or higher on all of the tests.

A favorite activity of the foreign language courses is singing in the language being studied. A tape recording made by a person fluent in the language aids students in learning to speak the language.

The Tri-Hi-Y has had as an annual project the White Christmas Program. This year our school contributed about 300 packages to the Northampton County Department of Public Welfare for distribution to needy families.

The Tri-Hi-Y was quite proud of the club's float which was a product of all the girls' efforts. The group worked under the designs and leadership of Laura James and Linda Abbott.

One of the highlights of our club's activities each year is planning for and attending Model General Assembly in Richmond. By participating in its activities, delegates gain a better understanding of our State Government. Our delegates: Susan Dix, Reporter; Martha Heath, Delegate; Faye Collins, Bill Coordinator of the House; and Mary Deem Turner, Senator; are preparing a bill to be presented at the 1964 M. G. A.

The Mother-Daughter Banquet is an annual affair of the Tri-Hi-Y, usually held the Friday night before Mothers' Day. During the banquet program, the officers for the following year are installed. Here the committee is planning the menu and the food each girl will bring.

"I'll NEVER be able to memorize all of this!"

"But none of these costumes fit me!"

Although this year the Dramatic Club lost all of last year's seniors, the loss was not as bad as it might have been because this year's sophomores have been gaining valuable experience in the less spectacular roles. Also, several juniors, as well as others, joined, forming a valuable addition. As usual the club presented two one-act plays on March 20 and contributed a float to the Homecoming game, but some exciting new projects were added to the club's activities. This year, for the first time, the club presented an assembly program which it feels to be one of the most interesting the school has seen. Also, a group of members attended the district contest of one-act plays on March 14 at Kellam High School, preparatory to entering the contest next year.

The Northampton Hillbillies

"What do you mean, the float's got to be ready by tomorrow?!"

The Northampton High School Symphonic Band, under the direction of Jay D. Meek, furnished music for many occasions during the past year. When Governor Harrison visited the shore on June 7, 1963, the Band played at the Eastville Court House. During Christmas, the band played at Onley for the Women's Club and also at Exmore for the town's Christmas program. At the December P.T.A. meeting, the band played as a part of the Student Participation Program and gave a concert of Christmas music for the student body. On February 22, 1964, the band presented a concert at Central High School.

This year the Distributive Education program entered a new phase in N. H. S. with a class not only of first year D. E. students, but also a class of six in the second year of D. E.

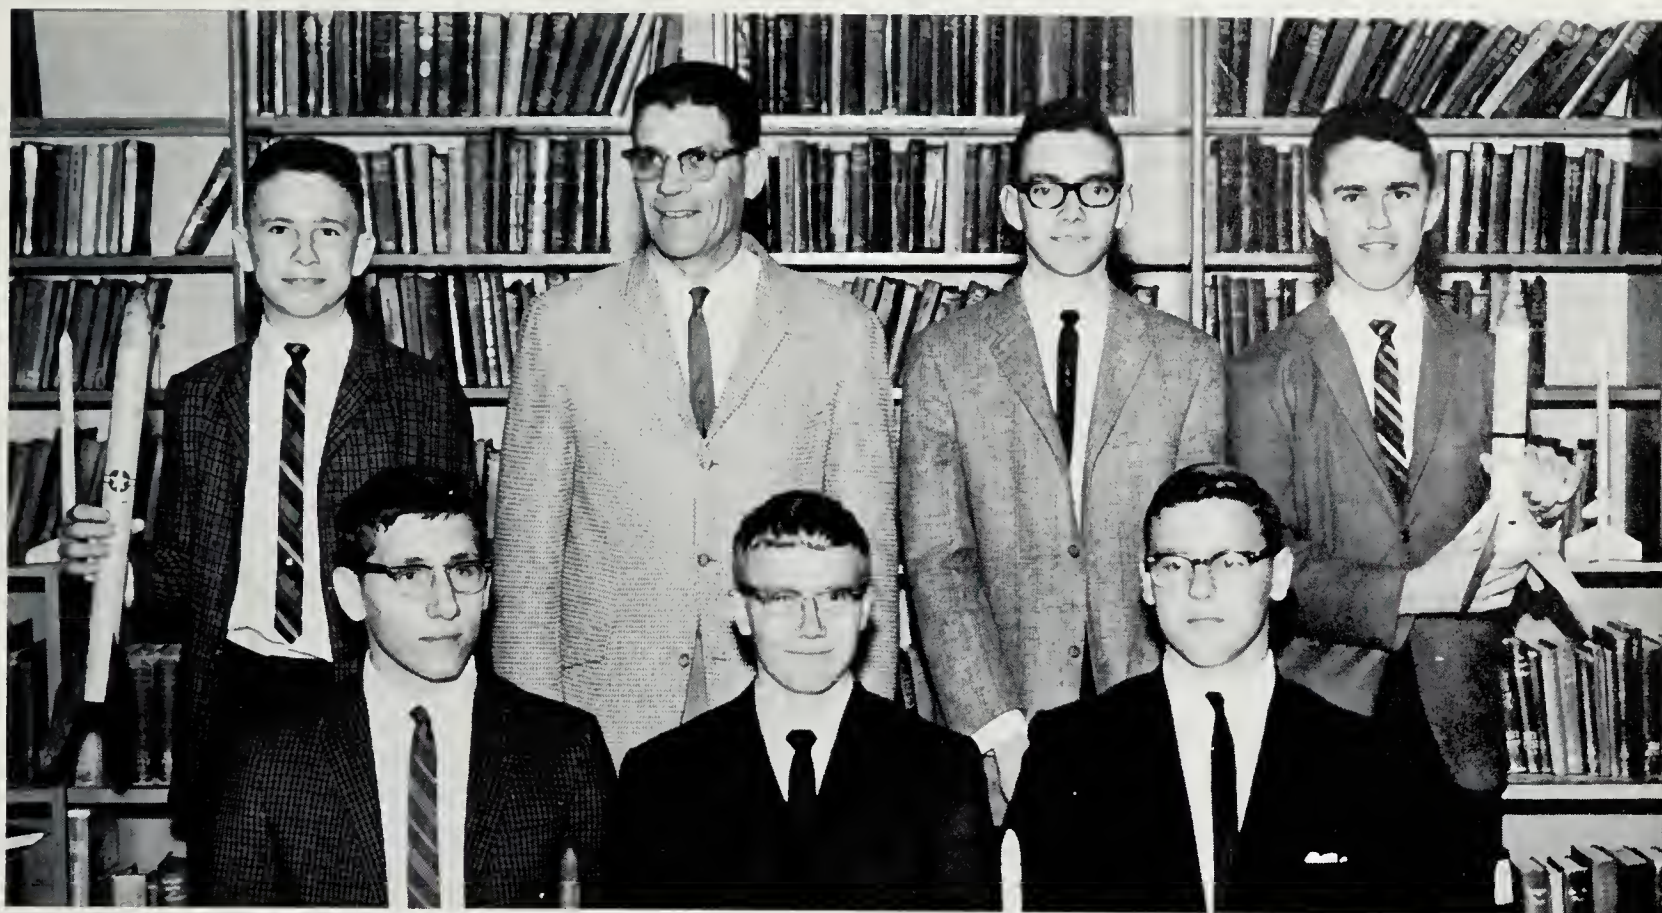

The D. E. Club operates the school Book Store, and this year the students put some of their academic learning into practice by installing a new inventory and bookkeeping system. In addition to giving the store a closer control of financial results, this system enabled the store to have and to sell those items most in demand by the students.

The D. E. Club also sent several participants to the district D. E. Conference in Onancock, held in February 1964.

# ROCKET CLUB

Sponsor: Mr. Philip Newton

President - Reed Ennis  
Vice President - Harry Truitt

Secretary - Michael Scanlan  
Treasurer - Larry Crosley

The general purpose of the Rocket Club, formed in the latter part of 1962-63 school year, is to promote the education of students interested in rockets and to increase their understanding of satellites and rockets. The club meets once a month during winter and more frequently during the spring months.

Besides individual projects, the club built a float for the Homecoming Parade. The club is planning to send up two rockets; one carrying a camera that will take a picture of the Eastern Shore from 500 to 700 feet up, and the second carrying mice that are being trained for such an expedition.

The club also took an educational trip to Wallops Island.

The Jackets finished the season with flying colors and qualified for the District 1, Group 2, Basketball Tournament at Frederick College during the last week in February. The Jackets played Whaleyville, the Western Division Champion, in the first round. Coach Young attributes the team's success to the desire and the will to win.

# SHORE CHAMPIONSHIP

The 1963 Yellow Jacket nine were a young, talented, and hust-group with Mr. Young once again in the coaching spot. The Jackets suffered from graduation in 1962 and were set back even more when it was learned that Jimmy Partin and Jimmy West, both starters in '62, would be unable to play this year.

Led by Keith Colonna and Frank Hill, the Jackets achieved a 10-6 won-lost record, which was slightly better than that of the previous season.

The Jackets won the Eastern Shore Championship for the 7th time in ten years and also topped their arch-rivals, Virginia Beach, on two occasions.

The 1964 baseball season should be a great one because only one member of the '63 team, Eddie Sayers, will be missing. The Jackets of '64 should be quite hard for opponents to handle.
